SPECIAL TOWEL SALE

Owing to the late arrival of a shipment of one hundred dozen Towels which we should have received early in the spring, but arrived after our season is over, we will hold a SPECIAL TOWEL SALE in order to close out the entire lot. These towels are first-class in every respect and are well worth 12½ cents, but we must get rid of them and will close out the entire 100 dozen at 3 for 25 cents or 95c a dozen. Do not fail to get what towels you need at this ridiculously low price. See the window display.

LIMITS OF MOSQUITO INLET RESERVATION ARE EXTENDED.

President Taft Recently Signed an Order Extending the Territory.

An executive order has recently been signed by President Taft extending the territorial limits of the Mosquito Inlet Bird Reservation. The territory now comprises all unsurveyed and unappropriated mangrove and salt grass islets, shoals, sand bars and sand spits, situated in the Halifax River, in the south half of Township 15, S. R. 33 E., Townships 16, S, Ranges 33 and 34 E., and Township 17, S. R. 34, T. This territory runs from the South Bridge to a point about one and one-half miles south of Hawks Park.

The described territory is set apart as a preserve and breeding ground for native birds, and it is declared unlawful for any person to hunt, trap, capture, wilfully kill or disturb any birds of any kind whatever, or take the eggs of such birds.

New Smyrna to Celebrate.

New Smyrna is planning to have a big Fourth of July celebration on the Monday following the 4th. A big sea-dinner is one of the promised attractions.

Travel Pastures Green.

The Elks held an interesting session Friday evening of last week, at which time the antlers were placed on E. L. Gunn and T. F. Williams. At the conclusion of the ceremonies the usual social session was enjoyed. At the next meeting, July 2, Sheriff E. L. Smith and Judge J. W. Perkins will probably travel over the green pastures.

Heavy Orange Crop Predicted.

According to a number of growers who seem in a position to prognosticate, Volusia County will next winter harvest one of the largest orange crops in the history of the industry. The bloom was exceptionally heavy and if scarcity of rain does not interfere too seriously a good yield of the golden fruit is almost certain.

Reward of \$100 Offered.

Sheriff Edward L. Smith sent out notices to various sections of the State last week offering a reward of \$100 for the arrest and detention of the negro Arthur Nelson, who escaped from the Volusia County jail April 22. Nelson was under sentence of death, having been convicted of murder in the first degree at the April term of Circuit Court. Of the five prisoners who escaped at the time all have been recaptured but Nelson and another negro named Hart, who was awaiting trial on the charge of assault with intent to murder.

Certificates Granted to Teachers.

Twelve white and fourteen colored teachers took the June examination at DeLand recently. Of the white teachers, five secured first grade certificates; two secured second grade certificates; and five secured third grade certificates. Of the colored teachers, one secured a first grade certificate; one a second grade, and six third grade. Six colored applicants failed to pass. Those who received certificates are as follows:

FIRST GRADE

Margaret Fuller, Mrs. A. D. Trusler, Mary C. Dudley, C. M. Brokaw, Louise Lindquist, white, and S. B. Baker, colored.

SECOND GRADE

Bessie Peacock and Mary Russell, white, and Mrs. E. B. Baker, colored.

THIRD GRADE

Elvena Staf, Olive Shattuck, Iva Shoemaker, Olive Martin, Eva Jackson, white; and Leta King, Angeline Wiggins, Mamie Robinson, M. E. Thornton, Mrs. H. H. Taylor, L. L. Wilburn, colored.

Meter to be kept in repair by the Board of Public Works.	
Minimum rates for meter, \$10.00 per year.	
All uses for water not specified shall be reserved for a special rate.	

Features of New Primary Bill.

By signing the Cash primary bill, Governor Gilchrist gives to Florida a new law which is a great improvement upon the old system. This measure provides that there shall be attached to the ballot two stubs, each numbered. The inspector detaches the first stub when the voter receives the ballot, filing same with the name of voter written thereon. When the voter returns from the booth, the inspector detaches the second stub, compares it with the one on file, and if they be identical, the voter is allowed to cast his ballot. This provision makes it impossible for a voter to cast a ballot which has been marked for him before entering the voting room.

Another provision is that ten days prior to the primary election, each candidate shall give a sworn statement of his entire campaign expenses. No candidate shall make donations of things of value during a campaign. No abusive literature can be circulated on primary day, and tax collectors shall not receive poll taxes from any other than those owing same. Any candidate violating provisions of the act shall have his name taken from the ticket. Any one being convicted of bribery at an election, for the first offense shall be sentenced to one year's imprisonment and ten years' disfranchisement, for the second offense, disfranchisement for life.

Hankins says:

Lactone Buttermilk is now used by many physicians and in many hospitals, being considered an agent of great value in the feeding of patients ill with stomach and intestinal disorders. Poorly nourished children thrive on it and it is a refreshing beverage and a most nutritious article of diet.

HANKINS, The Druggist,

AT THE PLACE

Where Volusia Meets Beach.

TAMPA TO BE HEADQUARTERS FOR FLORIDA CITRUS EXCHANGE.

Selected Because of Its Central Location in Citrus Fruit Section.

The executive committee of the Florida Citrus Exchange, recently organized to control the Florida orange crop on the same plan as the California exchange, have selected Tampa as permanent headquarters of the exchange. Other cities, represented by committees asking for selection, were Jacksonville and Bartow. Tampa was selected because of its central location in the citrus fruit growing region.

Have You Paid Yet?

A few weeks ago bills were mailed to all subscribers of the Gazette-News who were in arrears for subscription. Many have promptly remitted but there are some who evidently mislaid their bills—by looking at the dates on the label on each subscriber's paper, however, the date of expiration may be ascertained. Under the recent ruling of the Postoffice Department all subscriptions must be paid in advance, else the publisher is debarred from the second-class mail privilege.

Become a "Booster" for Daytona.

Many Daytonians have already left for summer trips and others are going almost every day. The city will be represented during the summer in every State in the Union and the suggestion may not be amiss that every Daytonian leaving home take along a liberal supply of advertising matter and do a little boosting for the city. The Gazette-News has on hand a few hundred copies of the Pictorial Edition and will be pleased to furnish a liberal supply to subscribers GRATIS for the purpose of boosting Daytona. If you desire copies mailed you the postage is six cents each.

Volusia Going Dry.

Petitions have been presented to the County Commissioners asking that body to establish a drainage district near New Smyrna and Oak Hill.

There are in that vicinity thousands of acres of the finest hummock, pine and muck lands in the State that are subject to overflow, and recognizing the value of these lands for farming, trucking and fruit growing purposes, an effort will be made to drain them under the State drainage law.

If the plan is successful a canal will be cut from Turnbull Bay to the head of Indian River, a distance of about 20 miles, and will, with the help of lateral ditches, drain all the low lands between these two points.

Proposed Prohibition Amendment

The proposed amendment to the Constitution of Florida, recently adopted by both houses of the Legislature for submission to the voters in the fall of 1910, providing for state-wide prohibition, reads as follows:

Art. I, Sec. 1. The manufacture and sale, barter or exchange of all intoxicating liquors or beverages, whether spirituous, vinous or malt, are hereby forever prohibited in the State of Florida, except alcohol for medicinal purposes; the sale for the purpose aforesaid shall be regulated by law.

Sec. 2. The Legislature shall enact suitable laws for the enforcement of the provisions of this article.

Sec. 3. This article shall go into effect on the first day of July, A. D., 1911.

This amendment will be voted on in November, 1910, and in case of its rejection, the present local option law will prevail. If it carries, all places where liquor is handled must close July 1, 1911.

Attorney Geo. C. Bolles was in the city, from Miami, last week, visiting with his grandmother, Mrs. Julia R. Bolles, on First avenue. Mr. Bolles is a candidate for election to the office of municipal judge of Miami. He is now holding the office under appointment.
